Get registered in the UN supplier roster!

The United Nations procures requisite commodities through competitive solicitations from qualified vendors registered in the vendor roster of the UN. Depending upon the complexity of a requirement and the value of the commodity to be procured, the solicitation is issued as a Request for Proposal (RFP) or an Invitation to Bid (ITB) or as a Request for Quotation (RFQ). In order to do business with the UN, it is necessary to register as a potential supplier with the Procurement Division. Invitations to tender are sent only to registered vendors.

The registration process requires special knowledge, hands-on experience and is rather complicated, because every agency has its own requirements. Because we assisted many domestic and international companies to make efficient presentation of their respective goods, works and services and get registered, we possess such knowledge and experience.

We strongly recommend all companies to submit their applications and get registered in the UN supplier roster, because it gives great commercial opportunities. Many legal entities were saved from bankruptcy and became front runners in their fields by winning lucrative UN tenders.
